Making a Study Guide. Some teachers give out study guides, but if your teacher hasn't it's a good idea to create your own. Whether it's a first test or a final exam coming up, creating a study guide helps you figure out what you already know and what you still need to study, focusing your efforts on the material you still haven't learned. At the same time, making a study guide is a ...

### **Interactive Reader and Study Guide**

Think of it as a sort of interactive read-aloud that a student can engage in with a peer. The teacher selects a particular text based on relevant science content, and designs a set of instructions for students to follow as they read the text with a partner. The instructions tell the student partners when to stop and what to do.
